NEUVIN ELECTRONICS PRIVATE LIMITED

Company Profile:

Neuvin Electronics Pvt. LTD. is a professional designer, manufacturer and solution provider for RF and Microwave Systems, Power Solutions and Electronics Components for Military, Aerospace, Medical, Railways, Telecom and Industrial electronics.

Neuvin Electronics with more than 12 years experience in the field of Military, Aerospace, Medical, Railways, Telecom and Industrial electronics and is the preferred suppliers for Indian customers to provide quality products and services.

Our long terms association with OEMs all across the world enable us to provide reliable technology and quality products to our customers.

Neuvin's distinctive edge is its outstanding mix of industry expertise, technical leadership, innovative products, cost effectiveness and committed services. With complete focus on next generation technologies and solutions for long term planning and futuristic designs.

Our sales Engineers focus on new designs and provide all possible supports to the design engineers. We support with free samples, design guides, datasheet, catalogues and express delivery for proto typing of new projects.

We have our own set up for R & D, Design, Development and Testing at New Delhi, INDIA

- Key Market:** Military, Aerospace, Medical, Railways, Telecom and Industrial customers.
- Contribution:** Competitive and cost effective Products and Solutions.
- Distinction:** Genuine and Quality Products, On Time Deliveries, Transparent Business, Attentive and Efficient Services.

Our Mission:

Our Mission is to become India's most preferred solution provider for RF and Microwave Systems, Power Solutions and Electronics Components for Military, Aerospace and Medical, Railways, Telecom and Industrial electronics

History:

Since inception Neuvin Electronics was focused and dedicated to the customers services. We have achieved a preferred solutions provider status among Military, Aerospace, Medical, Railways, Telecom and Industrial Customers. Neuvin Electronics with more than 12 years of experience in the field of RF and Microwave Systems, Power Solutions and Electronics Components was formally established in 2007.

Technology	Performance	Vision
Competitive	Innovative	Qualified
Reliability	Efficiency	Flexibility
Commitment	Dedication	Support

Hi-Rel Components	Hi-Rel Power Solutions	RF Microwave Products & Sol.
Passive Components	Power Products	Telecom Products
Capacitors -Ceramics/Film/Elect &Tantalum	DC DC Converters - up to 12kW	Radio modem & Router
Resistors -SMD/Axial/Thick & Thin film	AC DC Converter - up to 120kW	Transparent Radio Modem
Inductors-Choke/Coils/Ferrites/Trans.	AC DC & DC DC Power Supplies	GPRS/EDGE/UMTS Router
Filters - EMI/RFI , EMI/EMC, Feed Through	HV Converters & Power Systems	GPRS/2G/3G Router
Crystals-OCXO/TCXO/VCXO/VCO/DRO	UPS/Inverters and Battery Charger	Microwave links & IP bridge
High Vol. Capacitors & Resistors	POL (Point-of-Load)	Connectivity & Gateways & Radios
Customize Capacitors & Inductors	HV Voltage Power Supplies	Power Over Ethernet (POE)
Delay Lines, SAW Filters, Atomic Clock	Customized Power Solutions	Power Solution & Accessories
Connectors & Cables	High Voltage Semiconductors	RF & Microwave Systems
Audio, Video Connectors	Circuit Protection	RF Power Amplifiers
Circular Connectors - All types	Diodes	Spectrum Analyzer
RF Connectors(SMA/BNC/THC/NTYPE)	Discrete Devices	RF Trans, Receivers and Antenna
Crimp Terminals, Lugs and Wire Nuts	Discrete MOSFETs	Frequency Synthesizers
D-Sub Connectors	Engineering Kits	RF Systems for Radars & Commn
Data/Ethernet/Telecom Connectors	IGBT - Insulated Gate Bipolar Trans	RF Systems for Electronic Attacks
Electrical Connectors	Integrated Circuits (ICs)	Multi- meters, Oscilloscopes
IC Sockets, Plugs and Adapters	Oscillators/Crystals/Resonators	Power Analyzers, Calibrators
Rectangular & Test Connectors	Silicon Controlled Rectifiers (SCR)	Data Acquisition Switch Systems
Terminal Blocks and Strips	Transistor, Array, Bipolar	Probes, Electronic Load, Extender
Customize Connectors	Transistor, Darlington	Software, Cables and Accessories
Cable Assemblies & Cable Management	Transistor, JFETs, Uni-junction	Data loggers, Counters
Sensors, Switches & Relays	Optoelectronics & Lighting	Thermal Management
Sensors, Encoders, Relay	Displays	Blower, Fans, Fins
Air, Temp, Pressure & Humidity Sensors	Emitters and Detectors	Heat Sinks & Heat Pipes
Liquid Level, Flow Sensors	Fibre Optic Products	Fan Tray
Gyroscopes, Hall Effect / Magnetic Sensors	Indicators, Panel & PCB Mount	Heat Exchangers
Motion and Position Sensors	Laser Diodes	DC Fans & Heat sinks
Optical, Photoelectric Sensors	LED (Light Emitting Diode)	Thermal Pads
Time Delay Relays (TDR)	Optical Encoders	Circuit Breakers,
Current & Speed Sensor, Smoke detectors	Opt couplers/Opto isolators	Customize Thermal Solutions
Specialist in Obsolescence Management (Obsolete Parts), Hard to find Components, Cross Reference, Unlisted Products
